Concise Textbook of Pediatrics

SHAMAN RAJINDRAJITH

MBBS MD(Paed) PhD FRCPCH
Professor of Pediatrics, University of Colombo,
Consultant Pediatrician, Lady Ridgeway Hospital for Children,
Colombo, Sri Lanka.

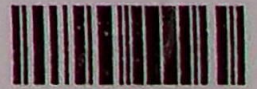

SACHITH METTANANDA

MBBS MD(Paed) DPhil FRCPCH
Professor of Pediatrics, University of Kelaniya
Consultant Pediatrician, Colombo North Teaching Hospital,
Ragama, Sri Lanka.

ප්‍රවේශ අංකය	208599
වර්ග අංකය	618.92

ASIRI ABEYAGUNAWARDENA

MBBS MD(Paed) MRCP FRCPCH
Professor of Pediatrics, University of Peradeniya
Former Dean, Faculty of Medicine, University of Peradeniya
Consultant Pediatrician, Teaching Hospital Peradeniya,
Sri Lanka.

*We dedicate this book to all the children of
this country as we believe a healthy childhood is the foundation
for a healthy and prosperous nation*

CONTENTS

CHAPTER 1

Pediatric Clinical Evaluation 1

Ishani Rodrigo and Asiri Abeyagunawardena

- 1.1 History taking 1
- 1.2 Physical examination 6
- 1.3 How to derive a differential diagnosis 19
- 1.4 Planning investigations 21
- 1.5 Development of a problem list and management plan 21

CHAPTER 2

Growth 22

Pathum Dissanayake and Sachith Mettananda

- 2.1 Normal growth 22
- 2.2 Assessment of growth 23
- 2.3 Growth charts 24
- 2.4 Physiological deviations from the normal growth pattern 25
- 2.5 Puberty and its impact on growth 26
- 2.6 Growth related disorders 28
- 2.7 Underweight 28
- 2.8 Overweight and obesity 29
- 2.9 Stature related disorders 30
- 2.10 Evaluation of short stature 31
- 2.11 Evaluation of tall stature 33

CHAPTER 3

Development 35

Samanmali P. Sumanasena

- 3.1 Normal child development 35
- 3.2 Developmental delay 39
- 3.3 Developmental evaluation 40
- 3.4 Developmental regression 42
- 3.5 Children with motor delay 43
- 3.6 Children presenting with speech delay 44

CHAPTER 4

Nutrition..... 45

Gitanjali Sathiadas and Manoji Gamage

4.1	Nutritional requirements during childhood	45
4.2	Breastfeeding	46
4.3	Complementary feeding.....	48
4.4	Malnutrition.....	50
4.5	Nutritional obesity	54
4.6	Iron deficiency.....	55
4.7	Vitamin A deficiency.....	55
4.8	Vitamin B12 deficiency.....	56
4.9	Folate deficiency	58
4.10	Vitamin D deficiency and rickets.....	58
4.11	Thiamine deficiency	61
4.12	Other vitamin deficiencies.....	62
4.13	Vitamin C deficiency	63
4.14	Vitamin K deficiency	64
4.15	Iodine deficiency	64
4.16	Other micronutrient deficiencies.....	65
4.17	Hypervitaminoses	65
4.18	Probiotics.....	67

CHAPTER 5

Clinical Genetics 69

Ruwangi Dissanayake and Vajira H.W. Dissanayake

5.1	Organization of the human genome	69
5.2	Pedigree	71
5.3	Genetic testing.....	71
5.4	Genetic variant and knowledge databases.....	73
5.5	Classification of genetic disorders.....	73
5.6	Approach to a child with dysmorphism.....	73
5.7	Down syndrome (Trisomy 21).....	75
5.8	Patau syndrome (Trisomy 13)	76
5.9	Edward syndrome (Trisomy 18).....	76
5.10	Turner syndrome	76
5.11	Klinefelter syndrome	77
5.12	Single gene disorders	77
5.13	Mitochondrial inheritance	78
5.14	Multifactorial inheritance.....	78
5.15	Gene therapy	78
5.16	Pharmacogenomics.....	78

CHAPTER 6

Infectious Diseases 79

P.W. Prasad Chathurangana, Hasitha Liyanaarachchi and Veranja Liyanapathirana

6.1	Classification of human pathogens.....	79
6.2	Febrile child.....	80
6.3	Pyrexia of unknown origin.....	82
6.4	Measles.....	84
6.5	Varicella.....	85
6.6	Hand foot and mouth disease.....	85
6.7	Other exanthematous fever.....	86
6.8	COVID-19.....	88
6.9	Infectious mononucleosis (glandular fever/kissing disease).....	89
6.10	Dengue.....	90
6.11	HIV and AIDS.....	92
6.12	Rabies.....	94
6.13	Typhoid.....	95
6.14	Tuberculosis.....	96
6.15	Leptospirosis.....	99
6.16	Staphylococcal infections.....	99
6.17	Streptococcal infections.....	101
6.18	Escherichia coli.....	103
6.19	Typhus.....	103
6.20	Malaria.....	104
6.21	Leishmaniasis.....	105

CHAPTER 7

Pediatric Emergencies 107

Priyantha Perera and Shaman Rajindrajith

7.1	Identifying a critically ill child.....	107
7.2	Approach to a critically ill child.....	112
7.3	Emergency procedures.....	117

CHAPTER 8

Neonatology..... 119

Nishani Lucas and Nimesha Gamhewage

8.1	Neonatal examination.....	119
8.2	Hypothermia in neonates.....	122
8.3	Kangaroo mother care.....	123
8.4	Respiratory distress in the newborn.....	124
8.5	Neonatal cyanosis.....	129
8.6	Small for gestation age.....	131
8.7	Prematurity.....	133

8.8 Neonatal jaundice.....	138
8.9 Neonatal sepsis.....	143
8.10 Neonatal seizures.....	145
8.11 Bleeding in neonates.....	147
8.12 Hypoxic ischemic encephalopathy (HIE).....	148
8.13 Neonatal resuscitation.....	152

CHAPTER 9

Cardiology..... 154

Dimuthu Weerasuriya and Sachith Mettananda

9.1 Approach to a child with a cardiac murmur.....	154
9.2 Interpretation of pediatric electrocardiogram.....	158
9.3 Abnormal pediatric ECG patterns.....	162
9.4 Cardiac arrhythmias.....	165
9.5 Acyanotic congenital heart disease.....	168
9.6 Acyanotic congenital heart disease – Shunt lesions.....	168
9.7 Acyanotic congenital heart disease – Obstructive lesions.....	172
9.8 Acyanotic congenital heart diseases – Regurgitant lesions.....	175
9.9 Cyanotic congenital heart diseases.....	176
9.10 Cyanotic congenital heart diseases – Fallot physiology.....	177
9.11 Cyanotic congenital heart diseases – Transposition physiology.....	178
9.12 Cyanotic congenital heart diseases – Admixture physiology.....	180
9.13 Rheumatic fever.....	182
9.14 Kawasaki disease.....	184
9.15 Myocarditis.....	186
9.16 Infective endocarditis.....	187
9.17 Syncope.....	191
9.18 Hypertension.....	192

CHAPTER 10

Pulmonology..... 195

Channa de Silva and Guwani Liyanage

10.1 Common presentations of respiratory disorders.....	195
10.2 Common cold/acute viral rhinosinusitis.....	197
10.3 Sinusitis/rhinosinusitis.....	197
10.4 Tonsillitis.....	198
10.5 Otitis media.....	199
10.6 Stridor.....	199
10.7 Croup.....	200
10.8 Acute epiglottitis.....	201
10.9 Foreign body inhalation.....	202
10.10 Bronchiolitis.....	205
10.11 Pneumonia.....	208
10.12 Pleural effusion and empyema.....	212

10.13 Lung abscess	214
10.14 Bronchiectasis.....	214
10.15 Cystic fibrosis.....	216
10.16 Asthma.....	218

CHAPTER 11

Gastroenterology..... 228

Shaman Rajindrajith and Heshan Jayaweera

11.1 Common presentations of gastrointestinal disease	228
11.2 Vomiting.....	228
11.3 Gastroesophageal reflux disease	229
11.4 Acute gastroenteritis.....	231
11.5 Persistent diarrhea	235
11.6 Malabsorption	236
11.7 Inflammatory bowel disease	237
11.8 Functional Constipation	240
11.9 Functional Abdominal Pain Disorders	243

CHAPTER 12

Hepatology..... 246

Meranthi Fernando and Shaman Rajindrajith

12.1 Evaluation of a child with suspected liver disease	246
12.2 Neonatal and infantile cholestasis	248
12.3 Biliary atresia	249
12.4 Viral hepatitis	250
12.5 Autoimmune liver disease	251
12.6 Nonalcoholic fatty liver disease	253
12.7 Wilson disease.....	255
12.8 Chronic liver disease, cirrhosis, and end-stage liver disease	257
12.9 Portal hypertension	258
12.10 Acute liver failure	261
12.11 Liver transplantation	263

CHAPTER 13

Hematology..... 265

Sachith Mettananda and Senani Williams

13.1 Age-related hematological changes.....	265
13.2 Evaluation of a child with anemia	266
13.3 Iron deficiency anemia.....	268
13.4 Thalassemia	269
13.5 Sickle cell disease.....	271
13.6 Hereditary spherocytosis.....	274
13.7 Glucose 6-phosphate dehydrogenase deficiency	275

13.8	Autoimmune hemolytic anemia	276
13.9	Microangiopathic hemolytic anemia	277
13.11	Megaloblastic anemia	279
13.12	Neutropenia	280
13.13	Evaluation of a child with a bleeding disorder	284
13.14	Idiopathic (immune) thrombocytopenic purpura	285
13.15	Hemophilia	285
13.16	Other rare bleeding disorders	286
13.17	Thrombophilia	288
13.18	Pancytopenia	289
13.19	Polycythemia	291

CHAPTER 14

Immunology **294**

Dhanushka Dasanayake and Rajiva de Silva

14.1	The immune system	294
14.2	Immunodeficiency	294
14.3	Evaluation of a child with immunodeficiency	296
14.4	Combined (T and B cell) deficiencies	298
14.5	Antibody-mediated immunodeficiency	300
14.6	Defects of phagocytic function	302
14.7	Immunization against infection	303
14.8	Passive immunization	305
14.9	Monoclonal antibodies	305

CHAPTER 15

Allergic Disorders..... **308**

Thushara Kudagammana and Shaman Rajindrajith

15.1	Acute urticaria	310
15.2	Chronic urticaria	310
15.3	Anaphylaxis	311
15.4	Allergic rhinitis.....	312
15.5	Food allergy.....	313

CHAPTER 16

Nephrology..... **316**

Shenal Thalgahagoda, Randula Ranawaka and Asiri Abeyagunawardena

16.1	Common presentations of renal disorder in children.....	316
16.2	Evaluation of a child with hematuria	317
16.3	Investigation of the kidney and urinary system	320
16.4	Glomerular diseases	322
16.5	Nephrotic syndrome	322
16.6	Acute glomerulonephritis (acute nephritic syndrome)	327

16.7	Urinary tract infection	328
16.8	Pediatric nephrolithiasis	330
16.9	Acute kidney injury	333
16.10	Chronic kidney disease	335
16.11	Renal replacement therapy in children	337

CHAPTER 17

Neurology..... 339

Jithangi Wanigasinghe and Saraji Wijesekara

17.1	Approach to a child presenting with a seizure	339
17.2	Febrile seizures	341
17.3	Epilepsy	344
17.4	Evaluation of a child with a headache	345
17.5	Migraine	346
17.6	Meningitis.....	348
17.7	Encephalitis	353
17.8	Other encephalopathies	354
17.9	Cerebral palsy (CP)	356
17.10	Hydrocephalus.....	360
17.11	Spinal dysraphism.....	362
17.12	Movement disorders in children.....	363
17.13	Spinal muscular atrophy (SMA)	366
17.14	Polio (Poliomyelitis)	366
17.15	Guillain-Barre syndrome (GBS).....	367
17.16	Mononeuropathies.....	368
17.17	Myasthenia gravis	369
17.18	Duchenne Muscular Dystrophy (DMD)	370
17.19	Other myopathies	372

CHAPTER 18

Endocrinology 373

Sumudu Nimali Seneviratne

18.1	Growth hormone deficiency	373
18.2	Multiple Pituitary Hormone Deficiency	374
18.3	Diabetes insipidus	375
18.4	Syndrome of inappropriate antidiuretic hormone secretion (SIADH)	377
18.5	Congenital hypothyroidism	378
18.7	Hyperthyroidism	380
18.8	Hypoparathyroidism.....	381
18.9	Hyperparathyroidism	382
18.10	Differences in Sex Development.....	382
18.11	Congenital adrenal hyperplasia	383
18.12	Addison disease	385
18.13	Cushing syndrome	386

18.14 Delayed puberty	386
18.15 Precocious puberty	387
18.16 Diabetes mellitus	388

CHAPTER 19

Metabolic Diseases 395

Imalke Kankanarachchi and Sachith Mettananda

19.1 Hypoglycemia	395
19.2 Evaluation of a child with metabolic acidosis	398
19.3 Aminoacidopathies	399
19.4 Organic acidemia	401
19.5 Urea cycle defects	403
19.6 Galactosemia	404
19.7 Glycogen storage disease	405
19.8 Lysosomal storage diseases.....	406
19.9 Mucopolysaccharidosis.....	407
19.10 Hyponatremia	409
19.11 Hypernatremia	410
19.12 Hypokalemia	411
19.13 Hyperkalemia.....	413
19.14 Acid-base disorders	414

CHAPTER 20

Rheumatology 416

Shaman Rajindrajith and Sachith Mettananda

20.1 Clinical evaluation of rheumatological diseases	416
20.2 Juvenile idiopathic arthritis	417
20.3 Systemic lupus erythematosus	421
20.4 Juvenile dermatomyositis.....	422
20.5 Reactive arthritis.....	423
20.6 Henoch-Schonlein purpura.....	424

CHAPTER 21

Oncology 425

Sanjeeva Gunasekera

21.1 Leukemia.....	426
21.2 Lymphoma.....	428
21.3 Central nervous system tumors	429
21.4 Neuroblastoma	431
21.5 Nephroblastoma (Wilms tumor)	432
21.6 Hepatoblastoma	432
21.7 Bone tumors	433

CHAPTER 22

Child Psychiatry 434

Miyuru Chandradasa

22.1	Attention deficit hyperactivity disorder	435
22.2	Autism spectrum disorder	436
22.3	Childhood depression	438
22.4	School refusal.....	439
22.5	Separation anxiety disorder	440
22.6	Phobias.....	441
22.7	Tic disorder.....	442

CHAPTER 23

Dermatology 444

Sanjeevani Fonseka

23.1	Atopic dermatitis	444
23.2	Bacterial skin infections.....	447
23.3	Viral infections affecting the skin	447
23.4	Cutaneous fungal infections	449
23.5	Parasitic skin infections.....	450
23.6	Papulosquamous diseases.....	451
23.7	Disorders of pigmentation.....	452
23.8	Lumps and bumps	452
23.9	Hair Disorders.....	453
23.10	Drug eruptions	454
23.11	Dermatitis artefacta	454

CHAPTER 24

Ophthalmology 455

Hiranya Abeysekera

24.1	Examination of the eye of a child.....	455
24.2	Normal and abnormal red reflex.....	456
24.3	Evaluation of a child with red eye.....	457
24.4	Evaluation of a child with reduced vision	460
24.5	Evaluation of an infant with watery eyes.....	461
24.6	Evaluation of a child with a squint.....	461
24.7	Ophthalmological manifestations of systemic diseases.....	462

CHAPTER 25

Otolaryngology 465

MTD Lakshan and Sachith Mettananda

25.1	Choanal atresia.....	465
25.2	Epistaxis.....	466
25.3	Stridor in neonates and young infants	468
25.4	Hearing Loss.....	469

CHAPTER 26

Pediatric Surgery 472

Naveen Wijekoon, Malik Samarasinghe and Shaman Rajindrajith

26.1	Esophageal atresia and tracheoesophageal fistula	472
26.2	Infantile hypertrophic pyloric stenosis	473
26.3	Evaluation of a neonate with intestinal obstruction	473
26.4	Duodenal atresia and stenosis	475
26.5	Jejunioileal atresia and stenosis	476
26.6	Hirschsprung disease	476
26.7	Anorectal malformation	477
26.8	Inguinal hernia and hydrocele.....	478
26.9	Hypospadias	479
26.10	Undescended testis	480
26.11	Posterior urethral valves	481
26.12	Vesico-ureteric reflux	482
26.13	Pelviuretreric junction obstruction	484

CHAPTER 27

Orthopedics..... 485

Malik Samarasinghe and Naveen Wijekoon

27.1	Evaluation of a child with a limp.....	485
27.2	Septic arthritis.....	487
27.3	Osteomyelitis	488
27.4	Scoliosis.....	489
27.5	Developmental dysplasia of the hip.....	491
27.6	Perthes disease.....	493
27.7	Slipped capital femoral epiphysis.....	493
27.8	Genu varum and genu valgum	494
27.9	Congenital talipes equinovarus.....	495

CHAPTER 28

Envenomation and Poisoning 497

Kavinda Dayasiri and Kalana Maduwage

28.1 Snakebites and envenomation	497
28.2 Insect stings and envenomation.....	500
28.3 Plant poisoning.....	500
28.4 Kerosene oil ingestion.....	502
28.5 Paracetamol overdose.....	502
28.6 Other drug over-dosage.....	503

CHAPTER 29

Violence Against Children 505

Asvini Fernando and Shobhavi Randeny

29.1 Physical abuse	507
29.2 Sexual abuse	510
29.3 Emotional abuse	511
29.4 Exploitation	511
29.5 Neglect	512
29.6 Risk factors for violence against children.....	512
29.7 The impact of violence against children.....	513
29.8 Child safeguarding and child protection.....	513

CHAPTER 30

Pediatric Prescribing 519

Shalini Sri Ranganathan

30.1. Pharmacokinetics in children.....	519
30.2 Pediatric dosing and dosage forms	521
30.3 Off-label use	524
30.4 Rational use of antibacterials in children.....	525

CHAPTER 31

Global and Regional Perspective in Pediatrics 526

Shaman Rajindrajith and Asiri Abeyagunawardena

31.1 Children are the future of the world	526
31.2 Mortality in the neonate, children, adolescents, and young people	526
31.3 Mental health problems.....	527
31.4 Children in conflict zones	527
31.5 COVID-19 pandemic and its effects on global child health.....	528
31.6 Sustainable Developmental Goals.....	528

CHAPTER 32

Research in Pediatrics 530

Sachith Mettananda and Shaman Rajindrajith

- 32.1 Types of research studies.....530
- 32.2 Strength of evidence530
- 32.3 Steps in conducting pediatric research531

Index..... 532
